

# Energy in Buildings

Strategy	Implementation Actions	Implementation Lead	Cumulative Emission Reductions Potential (in metric tonnes of emissions)	Savings or Expenditure Range (per metric tonne of emissions reduced)	Co-benefits
<b>Improve uptake of voluntary energy efficiency projects in buildings</b>	<ul style="list-style-type: none"> <li>Increase community education on energy efficient buildings</li> <li>City-led outreach about energy efficiency incentives</li> <li>Create incentives to promote, and revolving loan funds to finance, energy efficiency projects</li> <li>Support workforce development programs in energy efficiency sectors</li> </ul>		1,180,000 	\$50 to  \$0	
<b>Support policies that increase energy efficiency of buildings</b>	<ul style="list-style-type: none"> <li>Participate in code update processes and vote for advancing energy efficiency in codes</li> <li>Conduct outreach to promote net zero building standards</li> </ul>		1,300,000 	Not available	
<b>Implement benchmarking and disclosure programs for energy performance</b>	<ul style="list-style-type: none"> <li>Implement a Home Energy Score program</li> <li>Develop disclosure and benchmarking programs for commercial buildings</li> <li>Create a low-cost energy audit program</li> </ul>		1,000,000 	\$50 to  \$50	
<b>Promote smaller homes and denser housing options through incentives</b>			410,000 	\$700
